Never forget

Randy Barber/staff photographer

Jennie Risso releases a butterfly as Diana Picucci, right, and Joe Poisson look on during the inaugural Sept. 11 event entitled, 'Honoring Our Heroes' at Signature HealthCARE Skilled Nursing and Rehab Center of Ormond on Tuesday. Carol Hamilton, chaplain of the center said, 'The releasing of the butterflies symbolizes life and freedom. The butterflies will thrive and ensure the continuation of the species, keeping memory alive.' Officers from the Ormond Beach Police Station and district representative of Congressman John Mica's office, John Booker, joined the residents of the center.
